Wheaton merchants in the past have been generous underwriters. Tee or green sponsors contribute \$300.00. Donated door and raffle prizes produce the greatest amount of revenue for the charity event. Underwriters contribute \$500.00 with their name prominently displayed on a banner that is posted at the golf outing start, during the steak fry and during the awards and raffle portion of the evening. The banner is then prominently displayed at each weekly noontime meeting throughout the year. Each tee or green sponsor donates \$300.00 and has their name and logo displayed on a sign that is placed at the tee or green of their choice. Prizes such as dinners at local restaurants, event tickets, gift certificates are most appreciated as raffle and door prizes. For information, please contact LION Pat McEvoy at

Association: The Lions Club of Wheaton, established on October 23, 1923, is a local den of Lions Clubs International, the world's largest such organization, with 1.4 million members serving in more than 180 countries and areas. The association is both non-political and non-sectarian.

Founded in Chicago, Illinois, USA in 1917 by insurance agent Melvin Jones and others, LIONS CLUBS INTERNATIONAL has ever since offered business and professional people a way of sharing their success by helping those less fortunate than themselves. The association became international when a club was formed in Canada in 1920. A highlight of its early history was a speech at the 1925 convention, when the legendary Helen Keller challenged the Lions to become "knights of the blind in the crusade against darkness." They responded, and Lions are now best known for their sight-related programs, including SightFirst, the world's largest blindness prevention program.
